How to create. Create personalized labels, stickers and price tags. Labeljoy is an application for creating and printing labels for folders, badges, cards, notepads, clothing labels. Creating beautiful and convenient labels for packaging. If you want to learn how to create labels and other forms for labels in Labeljoy, you've hit it right on the mark. In this tutorial, you and I will create a beautiful label for packaging. You can use ready-made templates and add your own elements, for example, you can add a company logo, make a beautiful inscription, insert a picture or photo, and you can use ready-made images. In general, if you want to make a beautiful label for packaging, or maybe for something else, then this lesson will come in handy. So, let's begin! Open Adobe Photoshop and create a new image with white background about 1200x1200 pixels. Now let's move on to adjusting our image. For this click on the tab Filter - Render - Clouds. In the settings window that appears, set the desired parameters and click OK:
