Demons Tilt is a fast and furious action RPG game. You get straight into the action with 60 action-packed levels. From the 60s to the 80s there's plenty of demon slaying in this game. The high-score and achievements are all unlocked for you! You have full access to all the environments of the game and you can explore the catacombs and the vast, open world. You can collect over 100 different items and power-ups. In DEMON'S TILT, you must protect the citizens of your city from the evil. The world is tense and you will need to prepare for the inevitable evil that is on its way. Key Features: - 60 High-Definition action-packed levels in the legendary 60s - 80s: As with all games of the series, you will enter a medieval world full of action and fun, in which you must fight your way through the scores of enemies, protect your citizens and ultimately destroy the evil. New locations for the end-game every time you play - Perfectly balanced action: High-definition game world with over 60 levels and hundreds of different items and power-ups Deep gameplay set in an urban environment full of danger Up to 100 simultaneous online players and real-time multiplayer! - 3 unique and diverse locations: Two cities: Margheria and Iseulta, both with different architectural styles and atmospheres An abandoned gold mine and an old castle - Collecting all the items: In order to win you need to collect all the useful and powerful items, and find the power-ups that give you more magical weapons. About the Developer: Pascal Mermet started his career on the Amiga Game 'EMU' created by DMA Design Pascal then worked at Sierra On-Line, developing games like 'Space Quest' Finally Pascal worked for Edios Games in Paris, developing with some of their most famous titles like 'Galaga' and 'Space Quest' Today, Pascal continues the technical development of games at Geplus, creating DEMON'S TILT. I bought this game with an amount of €3 from a local pawn shop. As with all used games, it's a real gamble whether the game is in good shape or not. I give this game more than a 3.5, on the grounds of good gameplay and a splendid concept. Hello, I would like to

Carnival City. Kunyuu is the oldest city in this world. The old man lost his son in the world war. And started to create death god from iron. It's a story of the city where every gods died. Noble blood of the old man kept the power of the world of death, and created a beautiful city. In this city, there are many rumors. Some say that Aesop is a god in this city... This is the world of Aesop. Spectacular treasure is the most important thing to the Aesop Museum. A new, wide, and attractive treasure even opens its prize room. Besides, the goods to distribute at the carnival opens by the side of the museum. Present event can get two goods, and the people who can't get anything to get one. This is the first purchase. In this price, there is all sorts of things for the distribution of surprise. In the shop, you can try all kinds of items, and it's a happy store. If you take the entrance from out there, you can choose the goods that you want. If you don't want to buy anything, it's OK. The products have the same price in the world. The Magic - Control of the world of gods. Control the world of the gods. You can enter into the world of god by the ceremony. The ceremony includes a big increase of your price. Anyway, the distribution results of a dream in the world of gods. Think about that. We want to let you have great dreams with us. You can enjoy yourself without any limits. That is why we want to make dreams happen. It is a large amount of work and preparation. If you complete the event, you can have many dreams. And you'll have a dream that you want to see. Well, dreams don't come often in the world of gods. A lot of effort was put into that. Everyone wants this kind of dream, but there's no way. The Magic - The contest of the divine power. The gods in the world of Aesop are falling into wars. The power of gods is increased for the survival of the city. Those who don't disappear, become stronger. And they bring destruction to the whole world. When the god falls into a war, the world of death d41b202975
