## A-18e Working Acn

This working paper from the National Scientific Council on the Developing Child presents a research and development framework that is designed to help educators and administrators implement classroom-level early childhood social and emotional learning programs. This working paper from the National Scientific Council on the Developing Child describes recent research indicating that parents who are unable to read are at a greater risk of their children's educational achievement, and suggests several approaches for improving learning and development outcomes for children of parents who are unable to read. This working paper from the National Scientific Council on the Developing Child provides practical guidance for those who are interested in providing services for young children with anxiety disorders. This working paper from the National Scientific Council on the Developing Child describes the evidence base for psychosocial interventions for improving the well-being of children in foster care, and identifies strategies for improving the effectiveness of such interventions. This working paper from the National Scientific Council on the Developing Child describes the research and development process that led to the creation of a new measure of school readiness called School Readiness Measures in an Online Environment (SMORE). This working paper from the National Scientific Council on the Developing Child describes the current state of the science of early childhood education, with particular focus on postsecondary and workforce readiness.
